

# From Today to Tomorrow: Tech-Driven Arbitration

February 19, 2025

6:00 p.m. EST

Venue: AAA-ICDR, 150 East 42nd Street, Floor 17, New York, NY 10017

Registration: Please register [here](#).

## PROGRAM

We will explore the transformative impact that emerging technologies are having and will have on international arbitration. Among the issues that are already affecting current practice, our panel will address the role of arbitral institutions in integrating new technologies in dispute resolution, as well as the changing regulatory landscape for AI. Among the issues that will affect the practice in the near future, we will discuss the use of small language models in arbitration and the proliferation of AI agents in arbitration, such as virtual agents or assistants.
