### PROGRAM

For young arbitration practitioners, the learning curve for complex international construction arbitrations can be steep. In the ICDR Y&I's 2022 International Construction Arbitration series, construction experts from around the world will discuss the core concepts young arbitration practitioners should understand when tasked with overseeing complex construction disputes. This webinar series is a must for any young arbitration practitioners seeking to understand the ins and outs of construction disputes.

**Webinar 1: Dispute Board Procedures and Practice** – In the first webinar of the series, panelists Aisha Nadar, Eric Franco, Jerry Brodsky and Luis M. Martínez will discuss key issues regarding dispute board practice and procedure. Attendees will learn, among other things, about the advantages and disadvantages of dispute boards, the various forms of dispute boards and dispute board rules, the typical procedures dispute boards implement to oversee and resolve disputes, and the connection between dispute board determinations and arbitration.
