

Anamaria Popescu

Dr. Popescu is a Managing Director of Berkeley Research Group (BRG) International Construction Practice. She is a construction arbitrator with the AAA and a licensed Professional Engineer with more than 29 years of experience in project management, construction claims, delay analysis, productivity loss, damages, project controls, and contract management. Dr. Popescu's international project experience includes power generation, pipelines, petrochemical and process plants, oil and gas production platforms (on-shore and off-shore), water treatment plants, and airports. Her expertise as well as her doctoral thesis focus on forensic schedule analysis. She has also taught seminars and courses on scheduling, effective project controls, and dispute avoidance in the United States and internationally. She is the co-founder and chairman for the Society of Construction Law North America Section since 2017.
