PROGRAM

What does the future of dispute resolution look like in an era of rapid technological advancement and global interconnectedness? How are institutions like the AAA-ICDR innovating to meet the evolving needs of users through digital tools, artificial intelligence, and data-driven insights? What impact will these initiatives have on accessibility, efficiency, and trust in arbitration and mediation worldwide?

These and other questions will be addressed in a panel discussion on “The Future of Dispute Resolution – Initiatives and Impacts,” featuring leaders at the forefront of institutional innovation.
